## 2619 USA / Medium square lifting bag

A classic square tool bag with a wide opening for easy content filling and handling. The 2619 shares the same size and shape with a handful of other products but is mainly aimed at smaller content of lesser weight.

- **Dimensions (open):** 23.6 x 13.8 x 29.9 in (L x W x H)
  - **Dimensions (closed):** 23.6 x 13.8 x 29.9 in (L x W x H)
  - **Lifting height:** 33,5 in
  - **Material (main):** D1800\*900 PVC flat-coated polyester
  - **Material (bottom):** Polypropylene Log Plastic
  - **Material (webbing):** 50 mm polyester
- The bag is simple and safe to close thanks to a dual velcro closure mechanism.
  - The sides of this bag feature flat handles for effortless handling.
  - The velcro opening has a small polyester strap positioned in the corner for easier access, even when wearing bulky gloves.
  - For added durability and shape retention, the solid bottom of the bag is composed of hard Polypropylene Log Plastic.
  - If necessary, it is simple to replace the replaceable bottom.
  - The weight distribution inside the bag is provided by a hard plastic plate.

This model complies to the relevant parts of the following standards:

- EN 1492-1
- ISO 21898
- ASME B30.9
