REPELLENT

Color options:

The 3610 is a square-shaped tool bag that embodies EMG's finest qualities. Made from water-repellent tarpaulin, it combines durability with practicality and comes equipped with a hard bottom cover for added strength and resilience.

- **Dimensions (open):** 23.6 x 13.8 x 29.9 in (L x W x H)
  - **Dimensions (closed):** 23.6 x 13.8 x 29.9 in (L x W x H)
  - **Lifting height:** 33.5 in
  - **Material (main):** 0,5 mm Tarpaulin
  - **Material (ribbon):** 50mm polyester webbing
- The bag features a dual Velcro closure system, ensuring both easy and secure fastening.
  - For added stability and optimal weight distribution, a solid plastic plate is integrated into the bottom of the bag.
  - A small polyester strap is positioned at the corner of the Velcro opening, allowing for easier access — even when wearing heavy gloves.
  - Tube handles are mounted on the sides to facilitate handling and transport.
  - The bag is reinforced with a hard plastic bottom cover, helping it maintain its shape and extend its lifespan.
  - Additionally, the bottom cover is replaceable and can be easily swapped out when needed.

This model complies to the relevant parts of the following standards:

- EN 1492-1
- ISO 21898
- ASME B30.9
